Dear Drs. Montgomery and Shelton:

Thank you for submitting your Local Section Innovative Project Grant (IPG) proposal, entitled "Science Centers for Children during Local Section Meetings", for consideration in the June 2014 round. The Committee on Local Section Activities (LSAC) has completed its review process.

We are pleased to inform you that the Kentucky Lake Local Section has been awarded **\$3,000**. The review subcommittee is unanimously impressed by this proposal and its unique approach for involving younger Section members with families. This project employs mutual benefits of engaging children in science education at early stages, and could improve young member participation and leadership in the Section.

In order for the local section treasurer to receive the funds via electronic funds transfer by October 15, 2014, the chair needs to complete the online [acknowledgement and acceptance](#) form for the grant. The acknowledgement and acceptance online form includes the chair and local section name, the amount of the grant, and that you accept the grant.

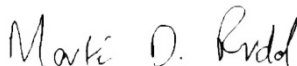

If your grant includes the purchase of equipment, you will need to complete the statement in the online acknowledgement and acceptance form that refers to consumable equipment purchased through the IPG. Non-consumable equipment purchases remain the exclusive property of the local section and must be made accessible to the local section members.

A [final report](#) on the use and impact of the 2014 funds by your local section will be due upon completion of your project. Please note that the funds may not be used to pay honoraria or stipends for speakers/trainers/program coordinators nor may the money be used for alcoholic beverages or meals for local section members (other than light snacks).

Congratulations on submitting a winning proposal! LSAC looks forward to hearing about the success of your proposed activities in your Annual Report and possibly in a [ChemLuminary Award](#) self-nomination. Please help us document the success and impact of your activities and programs in your final report so that we might share those ideas with other local sections.

Should you have any questions regarding this grant program, please e-mail lsac@acs.org.

Sincerely,

Martin Rudd, Chair
Committee on Local Section Activities

Sincerely,

Stephanie Watson, Chair
Subcommittee on Grants and Awards
