## Comments from the Chair

Welcome back for the Fall meetings of KLS! I hope you had a great summer and are looking forward to the rest of the year. If you joined us for the Jackson Generals baseball game in July, we thank you! It was an enjoyable evening and we hope to repeat this event in future years. We have several events coming up this semester that we need your help for. Student and faculty awards for research will be given again this year in November and we are seeking nominations. These will be due mid-September, so start thinking about the best in our section now. We look forward to seeing you at the picnic and having a relaxing time with new and old friends.
