January 2013 Kentucky Lake Section Meeting

@

Jackson Energy Authority Training Center

320 Hwy. 45 Bypass, Jackson, TN 38301

Thursday, January 31, 2013

Dinner @ 6:00 pm, Presentation @ 7:00 pm

Menu: Chicken, pork, beans, coleslaw, potato salad, tea from
Reggie's BBQ

The price is \$10 (Students \$5)

Program: Compressed Natural Gas Vehicles

Paul Rice (Clean Cities Coalition), Pat Riley (Gibson County Utility) and Scott Dahlstrom (Jackson Energy Authority) will give a joint presentation about the Clean Cities Coalition advocating for construction of alternative fuel infrastructure and the technology behind compressed natural gas vehicles, including a demonstration.

Comments from the Chair

Happy new year KLS! As with every new year we anticipate what this year might bring. As always, we will have a meaningful lineup of speakers to keep you informed about chemistry that's going on in and outside of our section and innovative technology that is currently being developed to change our world. We also have slated the continuation of informative meetings such as the KLS sponsored Leadership Conference and social activities such as the Jackson Generals game we attended last year. Also, as with any new year,

we like to see what challenges lie ahead. Here is my challenge to you. In 2013, see if there are ways you can become just a little more involved. You could volunteer for a special event, suggest an innovative program, or simply attend more meetings. If you want to become more involved in your local section please don't hesitate to let one of your officers know and we will definitely find a place for you to help the section make 2013 a significant year. We hope to see you in Jackson!

~Phil Shelton, Chair

Directions to the JEA Training Center:

From I-40, take Exit 80-A, Hwy. 45 Bypass South. After you cross Airways Blvd. turn right onto State Street at the next traffic light. Take the first left into the Training Center parking lot. See attached map for more details.

Biosketches of the Speakers

Mr. Pat Riley received his B.S. degree in Civil Engineering Technology from the University of Memphis. Mr. Riley started his career at Allen & Hoshall Consulting Engineers in Memphis. He worked in the natural gas department for about 7 years and then joined Gibson County Utility District. Mr. Riley has been at the utility for 25 years and served as General Manager for 13 years.

Mr. Scott Dahlstrom is a graduate of the University of Tennessee with a B.S in Electrical Engineering Technology. He also received his MBA from the University of Tennessee. Mr. Dahlstrom worked in the Utility Industry for more than 24 years. He served as Vice President of Tennessee's Electric Division. Currently, he is the Senior Manager of Business Analysis for Jackson Energy Authority.

Mr. Paul Rice has been practicing law in W Tennessee for over 30 years in areas as diverse as municipal law, sponsorship law for Indy Car and NASCAR race teams, and telecommunications. Recently, he has been promoting construction of alternative fuel infrastructure and is organizing a Clean Cities Coalition for West Tennessee. He will be talking about the Coalition and what it does.
