Comments from the Chair

November is always an exciting meeting. It is the end cap for our year, and what a year we've had. We've enjoyed thought-provoking meetings varying from natural gas vehicles to total synthesis to organometallic photochromes and participated in social events such as our annual picnic and baseball game. Another wonderful

milestone was the winning of a chemluminary for outstanding section of our size. There are still a few awards to give out at the November meeting so please attend, and support your section. As this is my farewell address, I wish to thank everyone for the support you have given not only your section, but also to me personally. It is your participation that makes our section outstanding, and I look forward to serving with you for years to come.

~Phil Shelton, Chair
