

Drinking Water Mini-Symposium

March 31, 7:00

Andy Holt Humanities Building Campbell Auditorium

The Kentucky Lake Section and the UTM Student Members of the American Chemical Society will co-host a mini-symposium, with a panel of renowned researchers, including:

- Dr. Susan Richardson, University of South Carolina: “Formation of Drinking Water Disinfection By-Products”
- Dr. Gary Emmert, University of Memphis: “Optimization of Water Treatment”
- Dr. Bommanna Loganathan, Murray State University: “Organics in Drinking Water”

The chapter hopes to bring awareness of this water issue to UTM and the surrounding community. Please join us for this exciting program.

An optional dinner will be held at 6 p.m. in Room 230 of the Boling University Center prior to the panel presentation. Dinner tickets can be purchased for \$10 each before March 25 by contacting Lana Ferrell, Department of Chemistry and Physics, at 731-881-7450 or by emailing Dr. S.K. Airee, professor of chemistry and SMACS faculty adviser, at skairee@utm.edu.
